Academic publications and research projects can be hard to access and distill into rich content your readers will enjoy and value.

Our researchers and professors can help.

Visit ctl.mit.edu/research to learn more.

Email ctl_comm@mit.edu to connect with us.
Grasp how artificial intelligence and machine learning are impacting supply chain management.

Dr. Matthias Winkenbach  
Director - Computational and Visual Education Lab (CAVE) Lab

Dr. Milena Janjevic  
Model building and research
Explain blockchain promises and pitfalls for supply chain and beyond.

Mr. Jim Rice  
Blockchain Research Group

Dr. Inma Borrella  
Blockchain Research Group

ctl_comm@mit.edu
Explore how digitalization is reshaping supply chains and how these changes impact organizations.

Dr. Maria Jesús Saénz
Director - Digital Supply Chain Transformation Lab
Find the latest developments in online and campus learning offered by MIT’s #1 rated Supply Chain Master's.

**Dr. Chris Caplice**  
Director and creator - MITx MicroMasters in SCM

**Dr. Maria Jesús Saénz**  
Director - MIT Supply Chain Management Master's Degree

**Dr. Eva Ponce**  
Executive director - MITx MicroMasters in SCM; digital learning researcher
Unpack how transportation and freight are changing in a global marketplace.

**Dr. Chris Caplice**  
Director - FreightLab

**Dr. David Correll**  
Truck driver utilization and retention, Shipper-Carrier collaborations

**Dr. Yossi Sheffi**  
“Logistics Clusters”, 2010, MIT Press
Stay alert to developments in logistics and strategy for the world’s vulnerable populations.

**Dr. Jarrod Goentzel**  
Director - Humanitarian Supply Chain Lab, natural disasters roundtable

**Mr. Tim Russell**  
Feed the future, value chain and supply chain
See how MIT CTL uses algorithmic filters to understand and act on complex data in real-time.

**Dr. Matthias Winckenbach**  
Director - Computational and Visual Education Lab (CAVE) Lab
Examine how supply chain consumer models are changing in an increasingly complex retail landscape.

Dr. Eva Ponce
Retail and omni-channel consumer behavior

Dr. Christopher Mejia
Director - Food and Retail Operations Lab

Dr. Joseph Coughlin
Director - AgeLab; Consumer behavior, aging populations, business strategy
Understand how companies and organizations manage supply chain risk and build resiliency.

**Mr. Jim Rice**  
Director - Supply Chain Exchange; Measuring and investing in resilience

**Dr. Yossi Sheffi**  
“The New Abnormal”, 2020, MIT CTL Media  
“A Shot in the Arm”, 2021, MIT CTL Media
Learn the financial implications of supply chain management and how they drive competitiveness.

Mr. Jim Rice  
Director - MIT Supply Chain Exchange;  
Supply chain financial analysis
Access diverging viewpoints on how to manage sustainability in a competitive global landscape.

Dr. Josué Velázquez Martínez
Director – Sustainable Logistics Lab

Dr. David Correll
The Global State of Supply Chain Sustainability Annual Report

Dr. Yossi Sheffi
“Balancing Green - When to Embrace Sustainability and When Not To”
2018, MIT Press
